Accessing Safety Data Sheets at Michigan Tech

Digital copies of the Safety Data Sheets for chemicals and other hazardous materials used at Michigan Tech are available online through MSDSonline.

The MSDSonline database can be accessed:

- From the navigation bar at the bottom of MTU homepages, click MSDS ONLINE under the NEED TO KNOW column;
- By typing www.mtu.edu/sds in the address bar of your browser;
- Scanning the QR code at the entrance to laboratories and other rooms where chemicals are used or stored;
- If computer or network systems are not available call 1-888-362-7416 and provide the name of the product, the manufacturer and a FAX number where information can be sent.

<u>NEED TO KNOW</u>	CONTACT

Michigan Tech's MSDSonline database is secure

Your MTU user ID and ISO password are required to access Michigan Tech's MSDSonline database

Prospective Students • Current Students • Majors • Athletics • Alumni/Friends • Parents • Faculty/St

Initial Sign-On (ISO)

Please log in by entering your userid and MTU ISO Password in the appropriate fields below.

By logging into this system you agree to abide by [Michigan Tech's Computer Use Policy](#).

User ID:

Password:

[Forgotten Your Password?](#)

The Michigan Tech Initial Sign-On (ISO) password is used to consolidate and reduce the number of passwords that must be remembered by individuals as well as to increase the security of our systems.

Your userid is currently your MTU User ID (i.e., the same you use to log in everywhere else). For instance, if your email address is bob@mtu.edu, then your MTU Login ID is bob.

Your MTU ISO password is the password you use for HuskyMail, Blackboard and Banweb. To change this password and/or learn more about it please visit the [MTU ISO Home Page](#). If your MTU ISO password is still set to its initial value, you should change it as

After logging in, you can search Michigan Tech's database for Safety Data Sheet information.

What to Do When You Can't Find a Safety Data Sheet

If your search for safety data sheet did not return any results, there are still options for finding the safety data sheet you need.

The screenshot shows the Michigan Tech MSDS Search interface. At the top, there is a navigation bar with 'Safety Center' and 'MSDS Search'. Below this, there are tabs for 'All Products', 'Locations', 'Manufacturers', and 'MSDSOnline Search'. The 'MSDSOnline Search' tab is highlighted. The search results page shows a search for 'phenylmethyl sulfonyl fluoride' with filters for 'Locations' (Select Location) and 'Product Status' (Active). A 'Search' button is visible. Below the search results, there is a message: 'Your Company List search for Products that match phenylmethyl sulfonyl fluoride did not return any results. Below are a list of search tips to refine your search and alternative options.' The 'Search Tips' section includes instructions on how to refine the search. The 'Alternative Options' section includes links for 'MSDSOnline has 32 possible matches for your search', 'Visit Help Center', and 'Request a Safety Data Sheet'. Red boxes and arrows highlight the 'MSDSOnline Search' tab and the 'MSDSOnline has 32 possible matches for your search' link.
